

# Monte Carlo Simulation

This course introduces participants to a powerful tool that enables decision-makers to address uncertainty explicitly overcoming the weaknesses of the more traditional scenario analysis approach.

## Monte Carlo Simulation - 23<sup>rd</sup> - 24<sup>th</sup> June 2020

Using Monte Carlo Simulations for enhanced:

- Cost-based decision-making
- Cost Control
- Capital budgeting related decisions

## Top speakers

- Prof. Dr. Michael Burkert, University of Fribourg, Subject Area Coordinator

## What our students said

- The method that was explained in this module is very interesting
- In my opinion, dealing with uncertainty is a key competence to learn in this programme
- I had the chance to get new tools for my job

Course fee/ module: CHF 1'400.--  
Course language: English  
Registration: [www.iimt.ch](http://www.iimt.ch) or [iimt@unifr.ch](mailto:iimt@unifr.ch)

**This course will take place:**  
As an online or as a presence course, depending on the current COVID-19 situation in June.
